

CHARTER PERMIT APPLICATION GUIDE

(International flights other than Canada/USA)

for

Canadian Originating
Advance Booking Charters

(ABC)

Application filed pursuant to the
Air Transportation Regulations (ATR)

May 2004

IMPORTANT INFORMATION

The Agency is in the process of amending the Air Transportation Regulations (ATR) to ensure that they conform with both the new International Cargo

Charter Policy and the new International Passenger Charter Policy. In order to implement the new policies, the Minister of Transport has asked the Agency to use its exemption powers. Consequently, a request for exemption from those provisions of the ATR is required. A number of carriers have applied for and been granted a “general exemption” from those provisions of the ATR that conflict with the All-Cargo and Passenger Policies.

On April 4, 2000, the Minister of Transport announced a new Policy for International Passenger Charter Air Services. The following requirements of the ATR have been eliminated:

1. advance booking requirements
2. an air carrier must provide round trip transportation
3. tariffs filed with the Agency include rates to be charged for the charter of the aircraft
4. minimum stay requirement
5. minimum price requirement
6. Canadian carriers be given the right of first refusal in respect of fifth freedom CPCs proposed to be operated by non-Canadian air carriers

Also, for your information:

- ✈ advance payment protection, pursuant to the ATR, is retained
- ✈ carriers are still prohibited from selling directly
- ✈ full capacity of the aircraft must still be chartered
